VAFAIRS Technical Assistance Cost Share Structure

Grant Writing Cost Share

Grant Request Amount	Client Cost Share
$16,000 or less	$250 minimum
More than $16,000 to $33,000	$500 minimum
More than $33,000	1.5% of the grant request

Free application advising is available to provide guidance and feedback on applications and grant programs.

Additional Services Cost Share

Business plans, feasibility studies, and other technical assistance documents are often offered on a cost share basis. Cost share amounts vary based on the specifics of each project and client. Some clients may be eligible for cost share assistance, while others may be responsible for the full project cost. Any applicable cost-share arrangement and project costs will be outlined in the client contract.

Example: If a business plan costs $10,000, the client's cost share is often ~$2,500.

Assistance Process

Contact

Consult with us and complete a questionnaire.

Visit

Return the questionnaire and have a farm visit.

Contract

VAFAIRS prepares your client contract.

Sign

Sign the contract and submit down payment.

Start

Project work begains.
